Ordering Instructions

- To build tandem configurations, always specify units from left-to-right as facing.
- Starter units ("-ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right.
- Add-on units ("-AO") can only be added next to starter units or other add-on units.
- End-units ("-EU") represent the final seating model in a configuration.
- Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a starter unit, after an end unit or before/after a single chair (i.e. add-on units cannot be specified next to connecting tables).
- End tables can only start or end a configuration, therefore they will always come before a starter unit or after an end unit (i.e. add-on units cannot be specified next to connecting tables).

Upholstery Combinations:

For fabric, vinyl or leather upholstery combinations, pricing will be calculated as follows:

- When combining two COM, COV or COL fabrics, or two fabrics of the same grade:
A \$45 List upcharge per unit will be applied to guest seating (tandem upcharge is calculated per seat).
A \$70 List upcharge per unit will be applied to bariatric seating.
- When combining two different grades of fabrics, price will be based on the highest grade specified.
- Two-tone upholstery examples and yardage requirements for the most common combinations are listed below.
Additional combinations available, please contact customer service for yardage requirements and pricing.

Yardage Requirements:

Yardage amounts are based on fabric which is plain (i.e. non-directional) and a full 54" wide.

Appropriate upholstery code must be included on order.
