For all table widths, wood grain laminates will run parallel to width of table.

Non-Standard Laminate Tops

In addition to our standard laminates, we also accept most laminates from the following manufacturers: Formica (standard grade, matte texture), Nevamar, Pionite (standard grade, suede texture) and Wilsonart. Mirror, high gloss and metal laminates are not available.

For non-standard laminates, add \$605 List per color per order. Pre-approval required, please contact client services.

Fenix® Tops:

Created with proprietary technologies, Fenix features a soft-touch matte finish with anti-fingerprint properties. Offered on select table collections, please refer to individual pages for availability and pricing. We offer five standard colors which are listed below:

FJ0032 Bianco Kos
FJ0720 Nero Ingo
FJ0725 Grigio Efeso
FJ0718 Grigio Londra
FJ0724 Grigio Bromo

To order a non-standard Fenix color, please specify the name and color number. Contact client services to confirm pricing.

Solid Surface Material

Solid surface is available on a variety of seating and table collections; please refer to corresponding price list pages for availability and pricing. In most instances (except where noted), solid surface tops are affixed to table surface increasing overall table height by ½". Solid surface available in white only.

To order a non-standard solid surface color, please specify the manufacturer, pattern name and color number. Contact client services to confirm pricing.

PVC Edge Colors

PVC edge may be specified in lieu of laminate self edge on select connecting and occasional tables. A limited number of color options are available which closely, but do not exactly, match the Encore solid laminate finishes. All standard colors are listed as follows and are available at no upcharge: Black, Slate Grey, White.

Back-Painted Glass

White back-painted glass is available on select tables and tablets; please refer to corresponding price list pages for applicable pricing.

Wood Finish Maintenance

As with all fine finishes, care should be taken to protect the finish from sharp, unprotected objects. The top coat has a natural characteristic to repel the most common liquids used around wood components, yet spills or soil marks should be cleaned up immediately to avoid moisture seeping into open-pore areas. Please note that constant polishing and cleaning of the finish may raise the sheen level, whereas neglect in cleaning will dull and possibly abrade the finish.
