## Customer's Own Material

COM should be shipped prepaid to:

Encore  
Attn: COM Department  
6892 Marlin Circle  
La Palma, CA 90623

All packages should be marked with customer's name, customer's order number and items to be covered. Collect shipments of COM/ COL fabrics will not be accepted. Please furnish a sample cutting of COM or COL with the original purchase order so that identification of COM/COL can be verified. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. An additional fee may be assessed for COM or COM materials that are deemed atypical should additional labor be required to cut, sew and/or match said materials.

While we inspect fabrics for mill imperfections, some are difficult to recognize. As such, we cannot be responsible for defects, color inaccuracies, dye lot variations and other flaws and suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws or other such problems. While we make a concerted effort to control COM/COL fabrics, it is not our responsibility to police the receipt of COM/COL's in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL fabrics.

## Polyurethane

Polyurethane fabrics and other PVC-free materials may be susceptible to "puddling" or comfort wrinkles over time. This is due to the inherent properties of the fabric and not an indication of inferior upholstery techniques. Please keep this in mind when selecting fabrics for upholstery.

## Fire Resistance

Encore manufactures all of its chairs to comply with California Technical Bulletin #117-2013 (Cal TB 117-2013). If Customer's Own Material (COM) is specified, Encore is not liable for said COM fabric's non-compliance with Cal TB 117-2013.

## Fabric Application

COM fabric is cut "up the roll" as a standard cutting procedure (see chart below). Customer must specify that the fabric be cut in another direction (i.e. "railroaded") if required.

It is imperative that all COM fabrics sent to Encore be "backed" with, at minimum, an acrylic or similar backing. We cannot be responsible for stretching of fabrics that are not backed subsequent to the upholstery process. Additionally, we cannot be held responsible for the appearance, behavior, quality or performance of any COM as well as COM's that are rolled reversed by the fabric supplier.

The application of patterned fabrics on curved seating units will be stitched to match pattern requirements. Geometric, linear and striped fabrics will be stitched together to provide the best match, however, a "V" pattern may be the result which is not considered to be a flaw. Additionally, due to varied stretch properties among fabrics, slight wrinkling or puddling may occur. Contact our client services department for any concerns regarding upholstery selections.

Please note that effective May 1st, 2025, a 5% price increase and a 4.5% tariff surcharge will be applied to the net subtotal on all orders. This also pertains to all options, finish upcharges, freight surcharges and any other fees.

**Yardage Requirements**

COM yardage requirements shown in this price list are based on using fabric which is plain (i.e. non-directional) and a full 54" wide. Fabrics of narrower widths and/or that involve matching repeats will require additional yardage. Use the chart below to determine the necessary additional yardage for both directional fabrics and narrow width fabrics.

If you are using a printed or striped fabric with a repeat, use this table:

<u>Fabric Repeat</u>	<u>Increase COM Requirement by:</u>
4.9" and under	0%
5" – 10.9"	12%
11" – 15.9"	18%
16" – 20.9"	25%
21" and over	40%

Yardage requirements may be less than indicated on large quantity orders. Contact client services with specific chair quantities for exact yardage required.

If you are using a plain fabric less than 54" wide or a pattern that will be applied railroaded, contact client services for assistance, as additional yardage may be required. If you are using a plain fabric less than 54" wide or a pattern that will be applied railroaded, contact client services for assistance, as additional yardage may be required.

**Upholstery Combinations**

For fabric, vinyl or leather upholstery combinations, pricing will be calculated as follows:

- When combining two COM/COV/COL fabrics, or fabrics with the same grade, add \$120 List per unit.
- When combining three or more COM/COV/COL fabrics, or fabrics with the same grade, add \$150 List per unit.
- When combining different grades of fabric, price will be based on the highest grade specified.
